

PTO/SB/08A and PTO/SB/08B filed with the application on December 18, 2001, and the Examiner's Notice of References Cited PTO-892, but did not find the Supplemental IDS filed June 25, 2003 signed off by the Examiner. The Applicants would thus respectfully request that they be supplied with the IDS (2 pages) initialed by the Examiner clearly showing that the Examiner has considered the submitted art.

To assist in processing the instant Request, copies of PTO/SB/08A and PTO/SB/08B filed June 25, 2003 are included. In an abundance of caution, a copy of the IDS transmittal, a copy of the Certification for the Supplemental IDS, and a copy of the return postcard for the IDS indicating that the IDS was filed November 3, are also enclosed.

In view of the above, the Applicants respectfully request that a copy of the IDS indicating consideration of remainder of the art by the Examiner be sent to the Applicants as soon as possible.

It is respectfully submitted that The Examiner is invited to call the Applicants' attorney at the number below for any reason, especially any reason that may help advance the prosecution.

Respectfully submitted,  
GORDON T. RIVERS, et al.,
